## University of New Haven President

To the Class of 2006:

I extend my sincere congratulations to all of you on the completion of your degree. I hope you have had a rewarding and challenging experience.

As you ponder on your future plans, I hope you will also take a moment to express your gratitude to the members of the faculty and staff who have helped you prepare for this important milestone in your lives. The University's goal has been to prepare you to lead meaningful lives, both personally and professionally, and to instill in you a sense of social justice and civic responsibility. Your actions in the years to come will be a measure of how successfully we have met that goal. From this perspective, I hope you will always see yourselves as members of the UNH family and strive to improve the lives of others as a sign of your gratitude for the fine education you obtained through the help of our dedicated faculty and staff.

Your professors at UNH have given you foundations and concepts in their individual disciplines and taught you how to apply them to the real world. Life will present you with many opportunities and challenges. I am confident that the knowledge and skills you have obtained at UNH will enable you to take advantage of those opportunities and rise, with strength and confidence, to the challenges that lie ahead.

I thank you for letting UNH be a part of your lives and hope you will return to campus often and see us as an integral part of your future. All of us at UNH are very proud of you.

With my very best wishes,

Steven H. Kaplan, President

# Marcus Hanscom

## Undergraduate Student Government Association President

*To the Class of 2006:*

*Congratulations to all of you on surviving four years (or 5, 6, or 7 for some of you) at UNH. It is certainly a bittersweet time for me as I, too, will bid farewell to UNH and move on to this thing that's lurked over us for four years: the "real world."*

*The uncertainty that lies ahead for all of us will hopefully subside to a wealth of opportunity, personal growth, and unlimited success. We should all be proud of our accomplishments thus far, but we should also be confident in what we will accomplish in the years to come. Based on what the class of 2006 has done for the University, I know that we will be successful in all that we do.*

*To paraphrase a quote by the famous poet and philosopher Henry David Thoreau, I urge you all to "march to the beat of your own drummer." Live life to the fullest, be your own person, be confident, and be happy. Do what is best for you and don't follow the crowd. The most successful people are innovative, creative, and distinctive. Think of Marketing 101: Distinguish your "product" from everyone else. Let your true talents and skills shine.*

*Whatever you decide to do in the coming years, make sure you challenge yourself. Always encourage yourself to do more. But first and foremost, be happy. Happiness will be the key to your success.*

*I also urge you to continue contributing to the communities in which you live once you graduate. All of us have worked extremely hard in the local community for the last four years, and we have seen directly how positively our efforts affect the community. We all have a civic duty to uphold throughout our lives, so please use your skills and talents to help benefit society in the future.*

*Finally, I wish you all the best of luck in all that you endure. We are all extremely fortunate to be at this point in our lives, graduating college, and moving on to careers in fields as diverse as sports management, sound recording, and forensic science. Thanks for the memories and enjoy the ride.*

*Sincerely,*

*Marcus Hanscom*

"If there ever was a time to dream,
to make a difference,
to embark on something worth doing,
it is now.
Not for any grand cause, necessarily--
but for something that tugs at your heart,
something that's your aspiration,
something that's your dream.

You owe it to yourself
to make your days count.
Have fun.
Dig deep.
Stretch.
***Dream Big!***
Know, though, that things worth doing

seldom come easy.
There will be good days.
And there will be bad.
There will be times when you want to stop,
pack it up, and call it quits.
Those times tell you
that you are pushing yourself,
that you are not afraid to learn by doing.

***Persist.***

Because with an idea,
determination,
and the right tools,
you can do great things.
Let your instincts,
your intellect,
and your heart
guide you.

***Trust.***

Believe in the incredible power of the human mind.
Of doing something that makes a difference.
Of working hard.
Of laughing and hoping.
Of lazy afternoons.
Of lasting friends.
Of all the things that will cross your path this year.

The start of something new
brings the hope of something great.
Anything is possible.
There is only one you.
And you will pass this but once.

***Do it right.***
***Do it now.*** ”

# USGA Executive Board

President: Marcus Hanscom,
Treasurer: Cecilia Cullum, Sargent at Arms: Derick LaTorre,
Executive Assistant: Jeannine Luisi, Vice President: Mandi McGuire,

The Undergraduate Student Government Association (USGA) is the organization on campus that represents every undergraduate student in all aspects of campus life. The organization meets weekly to address student concerns, discuss current campus issues, and program events.

Each student at the university pays a student activity fee, which is used to fund all USGA activities and provide every USGA-recognized club and organization on campus a budget to program social events.

The USGA was in charge of overseeing approximately 50 clubs and organizations this year, a number that truly represents the diversity of interests, academic disciplines, and cultures that exist on campus. Each of these organizations was given a portion of the nearly $700,000 USGA budget to program a variety of social events including off-campus trips, talent shows, concerts, comedians, carnivals, cultural awareness events, game shows, and more. Students also participated in an unprecedented number of community service activities throughout the Greater New Haven region.

Students also served on a variety of standing committees to address student concerns with food, health and safety, academics, and more. Two new committees were also introduced under this year: the Student-Faculty Relations committee, which was charged with creating a stronger bond between students and professors outside of the classroom, and the Technology and Networking committee, which helped address issues with student technology in the classroom and the residence halls.

By principle, every undergraduate student is a member of the USGA, and this year showed a wealth of support for the undergraduate students as a whole and for the USGA. As always, the organization was proud to help encourage a wealth of change and improvement across the campus to benefit the students.

The Charger Bulletin is the student newspaper of the University of New Haven. After months of hard work over the summer, the new layout was unveiled and a whole new avenue of new content was made available for the campus community. Our efforts this year were devoted entirely to publishing a quality, professional publication that reports national and campus news, as well as related sports, entertainment and lifestyle articles. Our goal for this year was to see *The Charger Bulletin* not as a campus newspaper, but as a newspaper. While our counterpart at other colleges and universities may be viewed as merely student-run, campus publications, we worked to be recognized as a real newspaper. As the University of New Haven gradually grows both physically and academically as we tread onto the 21st century, The Charger Bulletin will reflect the university's growth and maturity as we show professionalism to the national audience in all aspects. We would like to extend our sincere thanks to those who have supported us throughout the year and we look forward to serving you again next year.

The Chariot Yearbook is a group of extremely dedicated individuals that have the responsibility of recording various events, functions and happenings that occur here on the University of New Haven campus. This responsibility is tremendously demanding at times, yet each and everyone of us have had a great time putting this publication together and making memories for others to enjoy for years to come. We decided on "Lasting Impressions" as the theme because it describes the University of New Haven perfectly! The friendships, memories, things we learn and experiences we all have, along with the changes this university is experiencing will leave a **lasting impression** in all of us for a lifetime. The 2006 Chariot Yearbook has undergone an enormous change this year, in that it is the first time the university is experiencing an entire color publication. We would like to extend our gratitude to all of the Athletic Department, Medias, Residential Life Staff, Office of Student Activities, USGA and many more generous people for helping us with all the photos seen in this book. We hope that you all enjoy all of our hard work and that this book truly does made a lasting impression in each and every one of you for years to come.

S.C.O.P.E. is the Student Committee of Programming and Events. We are a group of students who book most of the entertainment on campus. S.C.O.P.E. has a variety of different ways to entertain students such as top-notch movies every weekend, comedians, hypnotists, musicians, novelties and off campus trips to places including New York and Boston. We've had trips to Six Flags, Trail of Terror, Broadway shows and major athletic events. We also program many of the traditions that students see on campus every year, such as BeanHouse, Harvest Festival, Inflatable Fun Fest, Halloween Haunted House, Spring Carnival and the Spring Concert. All of the members within S.C.O.P.E. worked especially hard this year and planned more events than ever.

# Admissions Team

The Admissions Team was created to serve the university community and to provide a dimension that will make a lasting impression and have a profound impact on a prospective student's decision to enroll. The volunteer group gives daily tours as well as special group tours during Open House. We also have an active role in the UNH community. We volunteer and co-sponsor many campus activities such as Welcome Fest, Alcohol Awareness Week, Midnight Madness, Family Weekend and Homecoming. We have an open application process to the entire undergraduate student body at the beginning of each semester.

# Alpha Lambda Delta
## National Honor Society

Alpha Lambda Delta is a Freshman Honor Society that encourages high scholastic achievement, community service and university involvement. ALD has been active at UNH since its inception in 1984. Eligibility is dependent upon involvement in the chapter and a 3.5 cumulative grade point average. Every year ALD sponsors a Student/Faculty Reception to recognize faculty and adjunct professors, collects Toys for Tots and participates in other community service events.

# Ambassadors For Christ

It is our third year, and we are delighted to have such an active part on campus and in our community. AFC is a branch of Campus Crusaders for Christ, on a mission to spread God's word to the world. We are dedicated to building up disciples for Christ, while providing a comfortable atmosphere for every student to discuss and understand what it truly means to be a Christian. AFC provides various events such as Friday Fellowships and Sunday Cafeteria DJ Dinners-playing all types of Christian music from classical to rap/hip-hop, so that the love of Christ can be shared with our UNH family. We also take an active role in the community by serving the elderly, homeless, and the young children in the New Haven area. One of the biggest events we have annually is our end of the year Revival. From kindergarten at Pine Haven until now, a graduate of the University of New Haven, you have made me so proud.

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

# RISING FROM THE STORMS

## August

**25** Hurricane Katrina strikes Florida.

**28** Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.

**29** Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breeched, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.

**31** President Bush surveys the damage.

## September

**1** 30,000 National Guard troops are deployed. Gas prices spike to as high as $5 per gallon.

**2** President Bush visits Louisiana and signs a $10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.

**4** The New Orleans Superdome is evacuated.

**6** President Bush and Congress pledge to investigate the flawed disaster response.

**9** Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.

**12** Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.

**14** New Orleans Mayor Ray Nagin announces a phased repopulation plan.

**15** New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.

**20** Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.

**22** Rita hits the Louisiana coast and heads for Texas.

**23** Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

## October

**24** Hurricane Wilma hits southwest Florida.
